

Property spray plan

Notes:

- This checklist can be either prepared by the owner, occupier, or manager of the property, or the applicator.
- The purpose of this checklist is to provide information to potentially affected parties.
- Provision of this information **does not** imply a right of any party to object to spraying activities occurring legitimately within the subject property boundary.

Date:	Name	Address (postal/physical)	Phone/Fax Numbers
Property Owner(s)/Occupier(s)			
Property Manager(s)			
Registered Chemical applicator(s) or Growsafe number for person doing the spraying:			

Neighbours Name	Address (postal/physical)	Phone/Fax Numbers	Status Owner/Occupier

Roads Adjacent to Property Boundary - show on a plan of the area	Roads Used for School Bus Routes

Target crop to be Sprayed (e.g. apples, gorse)	Type of Agrichemical to be used e.g. insecticide, herbicide, fungicide	Times of year spraying likely to occur e.g. Month – crop stage	Specific hazards E.g. weather, toxicity

Sensitive Areas (description and location)	Measures to be used to avoid contamination of sensitive areas

Property Spray Plan (continued)

Draw a map of your location to show target area, sensitive areas, roads, and neighbours to be notified.
